

Thermorail Ladder Towel Rails 240V

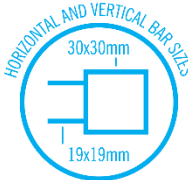

Electric Heated Towel Rails for use in bathrooms

This rail has Multiflex wiring which means that there is a connection point on both the left and right hand side of the rail and the lead can be connected to either side. Being a dry electric element rail, this can be mounted either way up meaning the wiring can be from any of the four mounting points.

Stock Code	Finish	Size (mm)	Output (W)	No. of Bars
SS40M	Polished Stainless Steel	W600 x H420 x D120	47 Watts	4

PLEASE NOTE: Specifications are for information purposes only. Whilst every effort has been made to ensure the product specifications are accurate, due to continuing product development and improvement the specifications are subject to change. Specifications can be used to rough in and fit timber supports in the wall however we recommend no holes are drilled without having the product on site or verifying the details with the manufacturer. Thermogroup cannot be held liable or responsible for errors due to updated specifications.
